(250ml / 500ml)

Cisk Lager €2.70 / €4.90

The original Cisk Lager Beer is a golden-coloured, bottom-fermented lager with a distinctive and well-balanced character. Its rich hop aroma and pleasant bitterness has made it the natural choice and thirst quencher for beer drinkers who want to savour the original brew which has remained faithful to its recipe of 1929.

Cisk Excel €2.70 / €4.90

Malta's first low-carbohydrate lager beer, Cisk Excel retains both the original Cisk Lager taste and the same alcohol level but with 50% less carbs. Within a year of launch, in 2007, Cisk Excel was voted the best low-carb beer at the World Beer Awards in the UK. Cisk Excel easily rivals the mother brand in popularity and is available in bottles, cans and draught.

Cisk Pilsner €2.90 / €5.20

Cisk Pilsner is a premium pilsner brewed to exacting specifications using only the finest Pilsen malt and Noble hops of the Saaz variety. Cisk Pilsner is different from other pilsners because of its higher alcoholic strength, and its remarkably crisp yet full bodied flavour with just the right amount of lingering bitterness resulting in the perfect balance and unmistakable classic pilsner taste.

Blue Label Smooth and Creamy €3.10 / €5.50

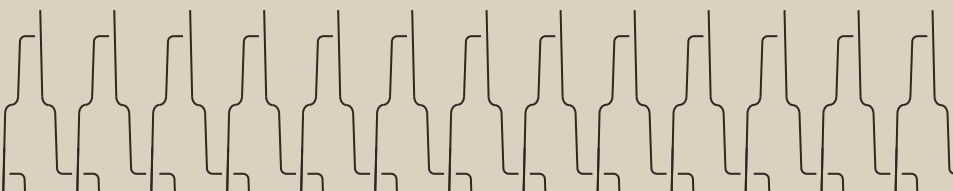

A dark brown, top-fermenting ale, hopped and mixed with a special type of mild malt which gives this richly coloured ale a unique, surprisingly smooth and mild taste. Contains distinctive chocolate and caramel notes. Blue Label Smooth & Creamy is the draught version of the original ale.

Farsons Double Red €3.10 / €5.50

This strong ale is brewed with high quality ingredients, has a deep brown colour with a strong character and a pleasant hoppy bitterness balanced out by malty sweetness. A true Farsons Classic.

Farsons Green HOP IPA €3.10 / €5.50

An all malt India Pale Ale brewed using a Pale Ale malted barley variety to give this ale its distinctive amber colour. Green Hop IPA is hopped using a special blend of five different hop varieties which together give this beer its characteristic and unique hoppy flavour profile.
